Resolution Authorizing Executive Director to Negotiate and Execute Agreements related to the Hurricane Sandy Coastal Resiliency Planning Grant

Whereas: The National Fish and Wildlife Foundation (NFWF) sponsored a competitive RFP solicitation for Coastal Resiliency Assessment, Community Coastal Resiliency Planning and Project Planning and Design in the geographic area affected by Hurricane Sandy; and

Whereas: The South Central Regional Council of Governments (SCRCOG) formed a partnership with the Greater Bridgeport Regional Council and The Nature Conservancy to apply for a grant, which would enable the three organizations to develop a Regional Coastal and Watershed Resiliency Plan for the Greater Bridgeport and Greater New Haven regions which would comprehensively assess and advance resiliency opportunities at municipal and regional scales to reduce risk to the 591,000 residents along 10 coastal municipalities and increase the viability of natural ecosystems along a significant portion (approximately 30%) of Connecticut's coastline; and

Whereas: SCRCOG, as the lead applicant, has been awarded a \$700,000 NFWF Grant to develop a Regional Coastal and Watershed Resiliency Plan; and

FY 2014-2015 Budget Revision # 2

Budget Revision # 2 increases SCRCOG's overall 2014-2015 approved budget by \$700,000 to \$3,184,968 to allow for the recently awarded National Fish and Wildlife Foundation Hurricane Sandy Coastal Resiliency Planning Grant (NFWF – Coastal Resilience Planning Grant). It is estimated that \$166,248 of this multi-year grant will be expended during the 2014-2015 Fiscal Year.

The NFWF – Coastal Resilience Planning Grant does not allow SCRCOG to fully charge indirect expenses (i.e. overhead) to the project. As a result, previously unallocated State Grant-in-Aid will be used to make up the difference (\$10,946).

The revision includes the following additional revenue and expenditure items:

1. Revenue increases totaling \$700,000:
 - a. \$700,000 for NFWF - Coastal Resilience Planning Grant

2. Expenditure increases totaling \$166,248:
 - a. \$559 for SCRCOG Staff mileage related to the Coastal Resilience Planning Grant
 - b. \$144,000 for Other Consultants, broken down as follows:
 - (1) \$70,000 for the Nature Conservancy
 - (2) \$24,000 for the Greater Bridgeport Regional Council
 - (3) \$50,000 for an Environmental Engineering Firm
 - c. \$21,690 for Contingency

3. Expenditure increases totaling \$533,752:
 - a. \$533,752 for Coastal Resilience Planning Grant work to be conducted in future fiscal years (the balance of the \$700,000 grant)

Re: September 2014 COG Report

Planning/Preparedness

Local Emergency Operations Plans (LEOP):

The Region 2 Office continues to perform reviews of the 2013 LEOP for each of their communities. Unfortunately we have only received fifteen (18) out of thirty (30) communities LEOPs for review. It is a deliverable for specific grants that we review these plans annually. So please encourage your emergency managers to submit their LEOPs for review if they have not yet done so.

The CT DEMHS Region 2 Office continues to work with School Emergency Planners in the development of their plans. DEMHS Region 2 continues to receive and review All-Hazards School Emergency Plans. William Turley (william.turley@ct.gov) is the Coordinator and will serve as the lead coordinator in plan review and assistance. A reminder for the colleges and universities that their plans are required by CT Statute to be submitted by October 1, 2014 and a full security assessment completed by January 1, 2015.

Grants:

DEMHS Region 2 continues to provide training to communities needing assistance with the Emergency Management Planning Grant (EMPG) Program. The focus is to have every community participate and receive funds identified for the community. We are currently working on 2012 EMPG which will be closing in a few months. Please do not hesitate to contact the Region 2 Office if your community is not participating and would like to start. DEMHS Region 2 REPT has recently approved a budget and completed their application package for the 2014 Department of Homeland Security Grant.

Regional Planning:

DEMHS Region 2 Regional Emergency Planning Team (REPT) recently approved updated by laws for the REPT. The approved REPT By-laws will now be forwarded to Deputy Commissioner Shea for approval. Once receiving the Commissioner's approval copies will be forwarded to each CEO in Region 2.

Other Activities:

On September 9th CT DEMHS completed a full scale Millstone Hostile Action Based exercise which was evaluated by the Federal Radiological Commission (FRC). DEMHS Region 2 Office established communications with New Haven Emergency Management and were prepared to accept evacuees if necessary. A complete after-action report will be completed by the FRC and CT DEMHS.

CT DEMHS is currently working with a consultant to complete the Emergency Management Accreditation Program. For the past few months an EMAP consultant has worked with DEMHS personnel identifying and gathering required information. EMAP personnel will be performing an on site assessment the week of September 22 – 26.

CT DEMHS Region 2 is working with the Town of Durham, Durham Fair Association and surrounding cities/towns developing a Mass Casualty Incident (MCI) Exercise. Holdsworth Group will be facilitating the development, implementation and evaluation for the exercise. This will fulfill the deliverable requirements associated with Homeland Security Grant funding.

CT DEMHS has completed a CT Recovery Framework document to assist communities with the recovery process following a disaster. All information related to recovery efforts can be found at the following website: <http://www.ct.gov/ctrecovers/site/>

Radio equipment purchased by Region 2 REPT in 2010 was designated for a regional communication projects which failed to be completed. For approximately four years this equipment was warehoused and not utilized as intended. Approximately two years ago it was decided that the equipment would be turned over to the State of CT for dissemination as it saw necessary. It was decided that the equipment try to be disseminated to communities in Region 2 who needed. After receiving, screening and interviewing applicants it has been decided the equipment will be divided amongst three communities who made the request: Bethany, New Haven and Woodbridge. Final documentation is being completed and equipment will be available for pick up upon completion of documentation.

Region 2 personnel continue to provide assistance as needed. Please do not hesitate to contact the Region 2 Office at any time.
