Discussion Summary:

- Improvements to walkability / public transit in the region are needed
- Suburban/rural communities lack transportation services for low-income, elderly populations - isolated populations, limited access to amenities, recreation, employment
- Elderly population is living longer – affecting types and levels of need in housing assistance
- The Region needs a diverse housing supply that provides housing suitable to all stages of life
- Affordable housing and densification needs to occur in opportunity areas where housing, employment and transportation amenities can be expanded synergistically
- Local housing authority model is unsustainable – regionalization and diversification of portfolios needed
- Greater assistance needed for households at 61% to 100% of AMI – underserved by current federally funded housing programs
- Use alternative terms to discuss “affordable housing” to reduce social stigmas
- Encourage and explore unconventional, lower-cost housing options, such as micro units and apartments with shared common areas
- Densification within the region needed to make development projects financially viable, to attract and maintain businesses, and to serve the new workforce that tends to change employers more frequently
Regional POCD 2018 Update

- Acknowledge and embrace location in close proximity to Boston, New York, Philadelphia and Washington D.C. - design transportation networks that support such collaboration

- The South Central Region needs to continue to invest in its excellent school systems – and work on maintaining students in state beyond graduation

- Adapt and adjust to new outreach methods that will allow for greater engagement of Millennials in planning processes

- The SCRCOG area (and State) need to continue to encourage regional cooperation for shared services

- The State’s tax policies are no longer sustainable with towns competing against one another

- SCRCOG could foster greater cooperation among anchor institutions, housing, workforce development, and philanthropic agencies on addressing housing, employment and transportation needs, and advocating for appropriate local, regional and state policies

- Encourage apprenticeship programs in collaboration with local community colleges, local manufactures and corporations - in accessible locations
