The goal of this initiative is to build a growing number of community members who understand healthy housing development and policies that reflect their municipality’s needs and interests. Additionally, community members should feel their concerns have been heard so that, in coming years, there can be wide agreement among residents on their municipality’s housing needs and possible areas for future housing development.

1.2 ISSUING ORGANIZATION

SCRCOG is a regional planning organization representing fifteen (15) municipalities in South Central Connecticut. The municipalities within the region are Bethany, Branford, East Haven, Guilford, Hamden, Madison, Meriden, Milford, New Haven, North Branford, North Haven, Orange, Wallingford, West Haven and Woodbridge. The primary focus of SCRCOG is to coordinate planning on a regional basis while fostering communication and collaboration among its member municipalities in identifying and addressing regional issues.

1.9 EQUAL OPPORTUNITY REQUIREMENTS

2.0 SCOPE OF SERVICES

2.1 PROGRAM DESCRIPTION

The South Central Regional Council of Governments (“SCRCOG”) is proposing an initiative to engage and educate community members of the region’s municipalities on the topic of affordable housing. The Consultant is expected to facilitate honest and productive community discussions, answer questions, address misinformation, and hear the concerns of community members. Specifically, municipal leaders have expressed a need for assistance with:

- Implementing the strategies and goals outlined in their recently adopted affordable housing plans (“AHPs”), which provide analysis and guidance on how and where each municipality can address its housing needs;
- Education forums for community members on general affordable housing concepts;
- Education forums for community members on discussing the purpose and contents of the AHPs; and
- Engaging community members in discussions about their thoughts on affordable housing (i.e. their goals, concerns, and perspectives about the housing needs of their municipality).

Each participating municipality will require its own unique approach and individualized meetings and forums.

The goal of this initiative is to build a growing number of residents who understand healthy housing development and policies that reflect their municipality’s needs and interests. Additionally, community members should feel their concerns have been listened to and heard so that, in the coming years, there can be wide agreement among residents on what their municipality’s housing needs are and where housing should and should not be built.

The timeframe for this initiative is October 2022 through June 2023. SCRCOG budgeted $35,000 for this initiative. There may be a continuation of this program into another year depending on funding and the initiative’s success and utility.

2.2 POTENTIAL SERVICES

The Consultant will work independently with each participating municipality in the region (participating municipalities to be determined) to facilitate community discussions and forums on affordable housing topics and concepts. The Consultant will be responsible for planning and facilitating in-person and virtual forums/events, developing materials and handouts for distribution, and fostering positive professional relationships with municipal leaders and community members.

Once a Consultant has been selected through this RFQ process, SCRCOG staff will work with the Consultant to develop a scope of services that best addresses the region’s needs and the needs outlined in this RFQ.
As an example, the Consultant’s scope of services may include the following tasks and deliverables:

1. **Project Preparation and Initiation:** The Consultant will conduct a kick-off meeting to provide an overview of the program and identify municipalities interested in the initiative. They may be other meetings to gauge municipal interest as well.

   *Deliverable:* One (1) kick-off meeting/information session on the scope and purpose of this program. Conduct any follow-up meetings with interested municipalities. Develop a list of interested municipalities and identify 2 to 5 individuals per municipality to participate in the initiative.

2. **Community Engagement Forums, Meetings, Events, and Activities:** The Consultant will work closely with SCRCOG staff and municipal representatives to host forums, meetings, events, and activities designed to slowly build a growing core of understanding, beginning with a focus group of 2 to 5 people (e.g. local housing committee, planning and zoning board, or municipal staff), then increasingly adding members. Discussions will identify and address concerns and beliefs of all residents so they can find common ground and purpose, and agree on ways to proceed. The Consultant will meet monthly with each participating municipality’s focus group.

   *Deliverable:* The Consultant will build the foundation so municipal leaders have a coalition of residents to advocate for healthy housing development and policies that reflects the municipality’s needs and interests.
