

South Central Regional Transportation and Transportation Technical Committee Meeting Notice & Agenda Wednesday, May 13, 2026, 12:00pm

This is a hybrid meeting with in-person attendance at the SCRCOG
Office and remote access via Teams.
Office Location: 127 Washington Avenue, 4th Floor West, North Haven,
CT 06473

[Join Teams Meeting](#)
Meeting ID: 225 284 709 698 4
Passcode: T6gj3ht2

Presentation:

1. Introduction to Replica Data Platform
Jake Herrman

Action Items:

2. Meeting Minutes of April 18, 2026
3. 2025-2028 Transportation Improvement Program Amendment 19
Recommend to SCRCOG adoption of Resolution- Kellie Kingston
4. 2027-2030 Transportation Improvement Program
 - a. Ozone Air Quality Conformity Resolution
 - b. PM 2.5 Air Quality Conformity Resolution
 - c. 2027-2030 TIP Resolution*Recommend to SCRCOG adoption of Resolutions- Kellie Kingston*

Page Numbers:

pgs. 2-3

pgs. 4-13

See Attached

pgs. 14-15

pgs. 16-17

pgs. 18-19

5. LOTICIP Discussion and Potential Action
James Rode

Informational Items:

6. Senior Mobility Summit – May 25th
Colette Kroop
7. Other Business and Municipal Updates

Agenda and attachments for this meeting are available on our website at www.scrkog.org. Please contact SCRCOG for copy of agenda in a language other than English. Auxiliary aids/services and limited English proficiency translators will be provided with 5 days' notice. "Necesidades especiales: a las personas con discapacidad auditiva se les proveerá con medios auditivos y/o intérpretes de signos. Igualmente intérpretes para personas que hablan poco inglés, pero será preciso avisar con 5 días de antelación. Se puede solicitar la agenda en otro idioma que no sea inglés comunicándose con SCRCOG".

Transportation Committee Minutes – April 10, 2026

Transportation Committee Members

Chairman FS Matthew Hoey, Guilford
FS Joshua Brooks, Branford
FS Peggy Lyons, Madison
Alison Kapushinski, Proxy for Mayor Vincent
Cervoni, Wallingford
Stephen White, Proxy for Mayor Adam
Sendroff, Hamden

Transportation Technical Committee

Branford, John Hoeffler
East Haven, Jonathan Bodwell
Meriden, Brian Ennis
New Haven, Giovanni Zinn
North Branford, Chris Holden
North Haven, Andrew Bevilacqua
Orange, Bob Brinton
Madison, Rob Russo
West Haven, Abdul Quadir

Guests

Mario Marrero, GNHTD
Jennifer Pacacha, CTDOT
Jennifer Brady, FHWA
Glen McGough, GNHTD
Kate Rozen, Toole Design
Leena Qureshi, GM2
Ron Leonardo
William Murphy

SCRCOG

Laura Francis
James Rode
Kellie Kingston
Colette Kroop
Justin Salva
Kate Wimsatt
Matthew Rothchild

Chair FS Matthew Hoey called the meeting to order at 12:03 PM.

Presentation Item #1: DRAFT 2027-2030 Transportation Improvement Program (TIP)
K. Kingston presented the Draft of the 2027-2030 TIP, highlighting the overview, fiscal constraint, performance measures, and schedule sections. The document is currently in public comment, with a virtual public meeting on April 14th at 5:30pm via teams. Public Comment ends on May 1st, and any comments from the committee should be submitted by that date.

Action Item #1: Meeting Minutes of March 11, 2026

FS J. Brooks made a motion to approve the minutes of the March 11, 2026, meeting. A. Kapushinski seconded. The motion passed unanimously.

Action Item #2: 2025–2028 TIP Amendment Eighteen

K. Kingston presented 4 new projects for TIP Amendment Eighteen. F.S. J. Brooks made a motion to recommend approval, which was seconded by S. White. The motion passed unanimously.

BETHANY | BRANFORD | EAST HAVEN | GUILFORD | HAMDEN | MADISON | MERIDEN | MILFORD | NEW HAVEN | NORTH BRANFORD
NORTH HAVEN | ORANGE | WALLINGFORD | WEST HAVEN | WOODBRIDGE

Action Item #3: FTA Section 5210 Enhanced Mobility for Seniors Program Priorities

C. Kroop presented the proposed prioritization list of 5310 applications, developed in conjunction with the Greater New Haven and Milford Transit Districts. C. Holden made a motion to recommend approval, which was seconded by B. Ennis. The motion passed unanimously.

Action Item #4: LOTCIP Discussion and Potential Action

J. Rode provided an update on LOTCIP activities, including quarterly reporting, financial status, and project timelines. S. White made a motion to recommend approval, which was seconded by G. Zinn. The motion passed unanimously.

Information Item #1: Corridor Safety Planning Index

J. Salva presented updates to the Corridor Safety Planning Index, updating the format to a municipal-specific physical map that can be shared at a municipality's discretion.

Information Item #2: UPWP Studies

J. Rode provided updates on four upcoming UPWP studies: SCRCOG Update of the Metropolitan Transportation Plan (MTP), Guilford and Wallingford Local Bridge Inspections, Hamden Ridge Road Safety Study, and the On-Call Consultant Supported Technical Support-Pilot.

Information Item #3: New SCRCOG Website Launch

J. Salva informed the committee that there has been a soft launch of a new SCRCOG website.

B. Brinton motioned to adjourn, J. Hoeffler seconded. Meeting was adjourned at 12:48pm.

2025-2028 TRANSPORTATION IMPROVEMENT PROGRAM - Amendment Number 19

0092-0703: BRIDGE IMPROVEMENTS; BR 01031 O/ WEST RIVER

Total Cost: \$2,110,000 (80/20 federal/state)

Action: Move projects from one year in the STIP to another year in the STIP

Summary: Bridge improvements for Bridge No.01031 carrying Route 63 over West River in New Haven.

Purpose: Bridge 01031, built in 1921, is currently in Fair condition. Specific improvements to be identified through the Rehabilitation Study Report and identified at Design Approval. The PE phase includes a PD/FD split.

0148-0215: REPLACE BRS 03129, 03130, 03131 & 03133 o/ I-91 (DESIGN-BUILD)

Total Cost: \$90,000,000 (80/20 federal/state)

Action: New project added

Summary: Replacement of Non-NHS Bridges 03129, 03130, 03131 and 03133 which carry E Center Street, New Rock Hill Road, Durham Road and Carpenter Lane respectively, over I-91 NB and SB in Wallingford.

Purpose: Project is for full bridge replacements of Bridges 03129 and 03130, built in 1965, which have superstructures in poor condition ("4") due to rust and section loss on the girders, bearings, and beam ends. The paint systems are more than 50% failed. Bridge 03131 and Bridge 03133 show similar deficiencies with a superstructure rating of "5" and have been incorporated into the project as a full bridge replacement based on an asset management approach as well as its proximity to the other two bridges.

0170-3810: UPGRADE CCTV CAMERAS AND EQUIPMENT

Total Cost: \$27,525,000

CMAQ Federal: \$24,772,500

State Match: \$2,752,500

Action: New project added

Summary: Replace and upgrade cameras, communications equipment, and fiber optic cable with modern equipment along I-95 from West Haven to Westbrook to improve public safety and reduce congestion and emissions.

Purpose: The existing cameras, which utilize an Advance Traffic Management System (ATMS), are nearing the end of their useful life and contain components that are no longer manufactured or available. This project will replace approximately 50 closed-circuit television (CCTV) cameras, communications equipment and fiber optic cable along I-95

0170-FAREBX: CTTRANSIT - FARE COLLECTION SYSTEM

Total Cost: \$15,000,000 (80/20 federal/state)

Action: New project added

Summary: This project allocates \$12,000,000 in federal Section 5339 carryover funding toward replacing CTtransit’s decade-old farebox system with a modern, contactless, technology-driven fare collection solution across 690 buses.

Purpose: To modernize fare collection by introducing a secure, efficient, and user-friendly system that supports multiple contactless payment methods, reduces cash handling and wait times, enhances operational oversight, and improves the overall passenger experience.

0400-2026EQ: CTTRANSIT - MISC ADMIN CAPITAL/ FAC IMPROVEMENTS FY 26

Total Cost: \$1,500,000 (80/20 federal/state)

Action: Adjust existing projects for revised cost estimates

Summary: This STIP request allocates \$400,000 in federal Section 5339 carryover funding to support the purchase of miscellaneous support equipment and administrative capital items for CTtransit divisions.

Purpose: To replace and upgrade essential operational resources—including computer hardware and software, maintenance tools and equipment, office furniture, and other support items—as needed to maintain efficient and reliable administrative and maintenance functions.

Resolution

Fiscal Year 2025-Fiscal Year 2028 Transportation Improvement Program Amendment Nineteen

Whereas: U.S. Department of Transportation “Metropolitan Planning Regulations” (23 *CFR* 450)

prescribe that each metropolitan planning organization maintain a financially constrained multi-modal transportation improvement program consistent with a *State Implementation Plan for Air Quality (SIP)* conforming to both U.S. Environmental Protection Administration-established air quality guidelines and *SIP*-established mobile source emissions budgets; and

Whereas: The Council, per 23 *CFR* 450.324 and in cooperation with the Connecticut Department of Transportation (ConnDOT) and public transit operators and relying upon financial constraints offered by ConnDOT, adopted a *Fiscal Year 2025-Fiscal Year 2028 Transportation Improvement Program* on April 24, 2024, after finding the *Program* conforming per U.S. Environmental Protection Administration (U.S. EPA) final conformity rule (40 *CFR* 51 and 93) and relevant Connecticut Department of Transportation air quality conformity determinations: *Air Quality Conformity Reports: Fiscal Year 2025-2028 Transportation Improvement Program* and the Region’s *Metropolitan Transportation Plans—2023 to 2050, (April, 2023)*; and

Whereas: The Council, on *April 24, 2024*, indicated that periodic *Program* adjustment or amendment was possible; and

Whereas: Projects referenced in the *Program* amendment (below) are consistent with the region’s metropolitan transportation plan *Metropolitan Transportation Plans—2023 to 2050, (April 2023)*; and

Whereas: Council *Public Participation Guidelines: Transportation Planning* have been observed during the development of the proposed *Program* amendment (below); and

Whereas: By agreement between the Council and the Connecticut Department of Transportation, public involvement activities carried out by the South Central Regional Council of Governments in response to U.S. Department of Transportation metropolitan planning requirements are intended to satisfy the requirements associated with development of a *Statewide Transportation Improvement Program* and/or its amendment; and

Resolution

**Fiscal Year 2025-Fiscal Year 2028 Transportation Improvement Program Amendment
Nineteen (Continued)**

Whereas: The Council of Governments' review of transportation goals, projects and opportunities may result in further adjustment or amendment of the *Program*.

Now, Therefore, Be It Resolved by the Council of Governments:

The Program Amendment *Nineteen* shall be transmitted to the Connecticut Department of Transportation, for inclusion in the *State Transportation Improvement Program*

The undersigned duly qualified and acting Secretary of the South Central Regional Council of Governments certifies that the foregoing is a true and correct copy of a resolution adopted at a legally convened meeting of the South Central Regional Council of Governments on **May 27, 2026**

Date May 27, 2026

By: _____

Mayor Vincent Cervoni, Secretary
South Central Regional Council of Governments

RESOLUTION ON CONFORMITY WITH THE CLEAN AIR ACT OZONE

WHEREAS,

The South Central Regional Council of Governments (SCRCOG) is required to submit an Air Quality Conformity Statement to the US Federal Highway Administration (FHWA) and to the US Environmental Protection Agency (EPA) in accordance with the final conformity rule promulgated by EPA (40 CFR 51 and 93) when adopting an annual Transportation Improvement Program (TIP) or when effecting a significant revision of the Metropolitan Transportation Plan (MTP); and

WHEREAS,

Title 42, Section 7506 (3) (A) states that conformity of transportation plans and programs will be demonstrated if:

1. the plans and programs are consistent with recent estimates of mobile source emissions;
2. the plans and programs provide for the expeditious implementation of certain transportation control measures;
3. the plans and programs contribute to annual emissions reductions consistent with the Clean Air Act of 1977, as amended; and

WHEREAS,

it is the opinion of the SCRCOG that the plans and programs approved today, May 27, 2026 and submitted to FHWA and EPA conform to the requirements of Title 42, Section 7506 (3) (A) as interpreted by EPA (40 CFR 51 and 93); and

WHEREAS,

The State of Connecticut has elected to assess conformity in the Connecticut portion of the New York-Northern New Jersey-Long Island, NY-NJ-CT Ozone Nonattainment area (Fairfield, New Haven and Middlesex Counties) and the Connecticut Department of Transportation has jointly assessed the impact of all transportation plans and programs in this Nonattainment area (Ozone and PM2.5 Air Quality Conformity Determination March 2026); and

WHEREAS,

The Connecticut Department of Transportation's assessment (above) has found that plans and programs jointly meet mobile source emission's guidelines advanced by EPA pursuant to Section 7506 (3) (A).

Now, THEREFORE BE IT RESOLVED by the SCRCOG

That the SCRCOG finds that the 2023-2050 MTP and the FFY 2027-2030 TIP and all Amendments conform to air quality requirements of the U.S. Environmental Protection Administration (40 CFR 51 and 93), related U.S. Department of Transportation guidelines (23 CFR 450) and with Title 42, Section 7506 (3) (A) and hereby approves the existing Ozone and PM2.5 Air Quality Conformity Determination, dated March 2026.

CERTIFICATE

The undersigned duly qualified and acting Secretary of the SCRCOG certifies that the foregoing is a true and correct copy of a resolution adopted at a legally convened meeting of the SCRCOG on May 27, 2026

**RESOLUTION ON CONFORMITY WITH THE CLEAN AIR ACT
PM 2.5**

WHEREAS,

The South Central Regional Council of Governments (SCRCOG) is required to submit an Air Quality Conformity Statement to the US Federal Highway Administration (FHWA) and to the US Environmental Protection Agency (EPA) in accordance with the final conformity rule promulgated by EPA (40 CFR 51 and 93) when adopting an annual Transportation Improvement Program (TIP) or when effecting a significant revision of the Metropolitan Transportation Plan (MTP); and

WHEREAS,

Title 42, Section 7506 (3) (A) states that conformity of transportation plans and programs will be demonstrated if:

1. the plans and programs are consistent with recent estimates of mobile source emissions;
2. the plans and programs provide for the expeditious implementation of certain transportation control measures;
3. the plans and programs contribute to annual emissions reductions consistent with the Clean Air Act of 1977, as amended; and

WHEREAS,

It is the opinion of the SCRCOG that the plans and programs approved on May 27, 2026 and submitted to FHWA and EPA conform to the requirements of Title 42, Section 7506 (3) (A) as interpreted by EPA (40 CFR 51 and 93); and

WHEREAS,

The Connecticut portion of the New York – Northern New Jersey – Long Island, NY-NJ-CT area is designated a PM 2.5 attainment/maintenance area; and

WHEREAS,

The State of Connecticut has elected to jointly assess conformity in all PM 2.5 attainment/maintenance areas in Connecticut (Fairfield County and New Haven County) and

WHEREAS,

The results of the required emissions analysis performed by the Connecticut Department of Transportation on the 2023-2050 MTP and the FFY 2027-2030 TIP and Amendments show that the implementation of the projects contained therein will result in emissions of PM2.5 in each analysis year that are less than the emissions of the baseline year; and

Now, THEREFORE BE IT RESOLVED,

That the SCRCOG finds that the 2023-2050 MTP and the FFY 2027-2030 TIP and Amendments conform to air quality requirements of the U.S. Environmental Protection Administration (40 CFR 51 and 93), related U.S. Department of Transportation guidelines (23 CFR 450) and with Title 42, Section 7506 (3) (A) and hereby approves the existing Ozone and PM2.5 Air Quality Conformity Determination dated March 2026.

Resolution Fiscal Year 2027- Fiscal Year 2030 Transportation Improvement Program

Whereas:

U.S. Department of Transportation Metropolitan Planning Regulations (23 CFR 450) prescribe that each metropolitan planning organization maintain a financially constrained multi-modal transportation improvement program consistent with a State Implementation Plan for Air Quality (SIP) conforming to both U.S. Environmental Protection Administration-established air quality guidelines and SIP-established mobile source emissions budgets; and

Whereas:

The Council (SCRCOG), in cooperation with the Connecticut Department of Transportation (CTDOT) and major transit operators and relying upon financial constraints offered by CTDOT, framed a four-year draft Fiscal Year 2027-Fiscal Year 2030 Transportation Improvement Program addressing projects and programs per the terms of 23 CFR 450.324; and

Whereas:

The Council has provided a substantial opportunity for public review and comment during the April 1st 2026 - May 1st 2026 period consistent with SCRCOG's Public Participation Guidelines (adopted April, 2025) and has considered public comments per 23 CFR 450; and

Whereas:

By agreement between the Council and the Connecticut Department of Transportation, public involvement activities carried out by the Council in response to U.S. Department of Transportation metropolitan transportation planning requirements are intended to satisfy requirements associated with development of a Statewide Transportation Improvement Program (STIP); and

Whereas:

Significant Fiscal Year 2027-Fiscal Year 2030 Transportation Improvement Program proposals reflected in a Connecticut Department of Transportation air quality assessment for serious non-attainment portions of Connecticut (Air Quality Conformity Report for Ozone and PM 2.5 (2026), Transportation Improvement Program and Metropolitan Transportation Plan (May 2026)) and, in the context of all relevant regional transportation improvement programs, have been found to be conforming by CTDOT and by the Council's current Air Quality Conformity Resolution (attached) per U.S. Environmental Protection Administration guidelines (40 CFR 51 and 93); and

***Resolution Fiscal Year 2027- Fiscal Year 2030 Transportation Improvement Program
(continued)***

Whereas:

The Council of Governments' transportation planning process that continuously reviews goals, projects and opportunities may result in periodic adjustment or amendment of the TIP.

Now, Therefore, Be It Resolved By the Council of Governments

The Fiscal Year 2027-2030 Transportation Improvement Program is hereby adopted and shall be transmitted to the Connecticut Department of Transportation for inclusion in the State Transportation Improvement Program without change subsequent to an air quality conformity finding by the U.S. Federal Highway Administration and/or the U.S. Federal Transit Administration per 23 CFR 450.328.

Consistent with the intent of 23 CFR 3450.324(k) only transit projects explicitly associated with funds allocated to the New Haven-Meriden Urbanized Area per Section 5307 of the Federal Transit Act and, in the aggregate, not exceeding authorized federal fiscal year allocations, shall be pursued with those funds.

The region's planning transportation process addressing major regional issues and opportunities is being conducted in accordance with all applicable requirements established in 23 CFR 450.334.

Certificate

The undersigned duly qualified and acting Secretary of the South Central Regional Council of Governments certifies that the foregoing is a true and correct copy of a resolution adopted at a legally convened meeting of the Council of Governments on May 27, 2026.

Title:

FFY2027–FFY2030 Transportation Improvement Program (TIP)

Author:

South Central Regional Council of Governments (SCRCOG)

Subject:

Four-year multimodal transportation program

Source:

South Central Regional Council of Governments

127 Washington Avenue – 4th Floor West

North Haven, CT 06473-1715

Abstract:

The South Central Regional Council of Governments' (SCRCOG) FFY2027–FFY2030 Transportation Improvement Program (TIP) identifies all federally funded transportation projects programmed for implementation during the TIP cycle. The TIP supports investments in all modes of surface transportation, including highway, transit, travel demand management, and non-motorized facilities and services.

The TIP was developed in coordination with the Connecticut Statewide Transportation Improvement Program (STIP) and is incorporated into the STIP for purposes of transportation conformity with the Clean Air Act. The TIP is updated through amendments as necessary, and current program materials are available at www.scrcog.org.

Disclaimer:

This document was prepared in cooperation with the Federal Highway Administration (FHWA), Federal Transit Administration (FTA), Connecticut Department of Transportation (CTDOT), and Connecticut Office of Policy and Management (OPM).

The opinions, findings, and conclusions expressed herein are those of the South Central Regional Council of Governments and do not necessarily reflect the official views or policies of other governmental agencies.

1. INTRODUCTION

1.1 What is the TIP?

The South Central Regional Council of Governments (SCRCOG), designated as the Metropolitan Planning Organization (MPO) for the South Central Region, is responsible for the preparation and maintenance of the Transportation Improvement Program (TIP), in cooperation with the Connecticut Department of Transportation (CTDOT), the region's transit operators, member municipalities, the Federal Highway Administration (FHWA), and the Federal Transit Administration (FTA).

The TIP identifies federally funded surface transportation projects consistent with the region's adopted Metropolitan Transportation Plan (MTP) and the federally required performance targets established pursuant to 23 CFR Part 450 and 49 CFR Part 625 and 630. The SCRCOG TIP encompasses the following 15 municipalities: Bethany, Branford, East Haven, Guilford, Hamden, Madison, Meriden, Milford, New Haven, North Branford, North Haven, Orange, Wallingford, West Haven, and Woodbridge.

SCRCOG coordinates with CTDOT to review and evaluate project programming and funding allocations, participates in the interagency consultation process for transportation conformity pursuant to the Clean Air Act, and ensures that the TIP is fiscally constrained and compliant with all applicable federal and state planning requirements. Public participation is conducted in accordance with Title VI of the Civil Rights Act of 1964, Executive Order 13166 on Limited English Proficiency (LEP), and the agency's adopted Public Participation Plan.

SCRCOG's Transportation Committee and MPO Policy Board, composed of the chief elected officials of its member municipalities, exercise approval authority over the TIP and its subsequent amendments. SCRCOG further coordinates with CTDOT, FHWA, and FTA on updates to the Statewide Transportation Improvement Program (STIP), into which the TIP is fully incorporated.

1.2 What is the Amendment Process?

The Transportation Improvement Program (TIP) is a dynamic document that is regularly updated to reflect changes in project scope, cost, or scheduling. Revisions to the TIP generally fall into two categories: Amendments and Actions (administrative modifications). Amendments typically involve significant changes, such as adding or removing a project, major cost or scope revisions, or changes that require a new air quality conformity determination. Actions are generally smaller in adjustments, such as shifting funds between categories or project years.

Although federal guidelines distinguish between Amendments and Actions, SCRCOG follows the same approval procedure for both. All proposed revisions are reviewed by the Transportation Committee and must be approved by the MPO Policy Board before being transmitted to CTDOT for incorporation into the Statewide Transportation Improvement Program (STIP) and subsequent submission to FHWA and FTA for final approval. This consistent approach ensures transparency, accountability, and compliance with fiscal constraint and air quality requirements.

SCRCOG coordinates with CTDOT to ensure that all revisions remain consistent with air quality conformity determinations, fiscal constraint requirements, and statewide transportation planning goals. Projects funded through programs such as Congestion Mitigation and Air Quality (CMAQ) or other federally regulated sources are subject to additional review to confirm compliance with federal standards. Public review and comment opportunities are provided for all TIP revisions in alignment with Title VI and Limited English Proficiency (LEP) requirements.

1.3 What is the Role of SCRCOG?

The South Central Regional Council of Governments (SCRCOG), serving as the Metropolitan Planning Organization (MPO) for the South Central Region, is responsible for preparing the TIP in cooperation with the Connecticut Department of Transportation (CTDOT), member municipalities, transit operators, the Federal Highway Administration (FHWA), and the Federal Transit Administration (FTA).

SCRCOG ensures that transportation investments reflect both local and regional priorities, and that projects included in the TIP are consistent with the region's Metropolitan Transportation Plan (MTP) and federal performance targets. SCRCOG's TIP covers the following 15 member municipalities: Bethany, Branford, East Haven, Guilford, Hamden, Madison, Meriden, Milford, New Haven, North Branford, North Haven, Orange, Wallingford, West Haven, and Woodbridge.

SCRCOG works closely with CTDOT to review proposed transportation projects and funding allocations for the region. It participates in the air quality conformity review process and ensures that the TIP remains fiscally constrained and compliant with federal and state requirements. In addition, SCRCOG leads public involvement efforts for the TIP, in alignment with federal Title VI and LEP guidelines.

SCRCOG’s Transportation Committee and MPO Policy Board (comprised of the chief elected officials of its member municipalities) play an active role in the TIP’s development, review, and approval. The MPO also collaborates with state and federal agencies on updates to the Statewide Transportation Improvement Program (STIP), of which the TIP forms a critical part.

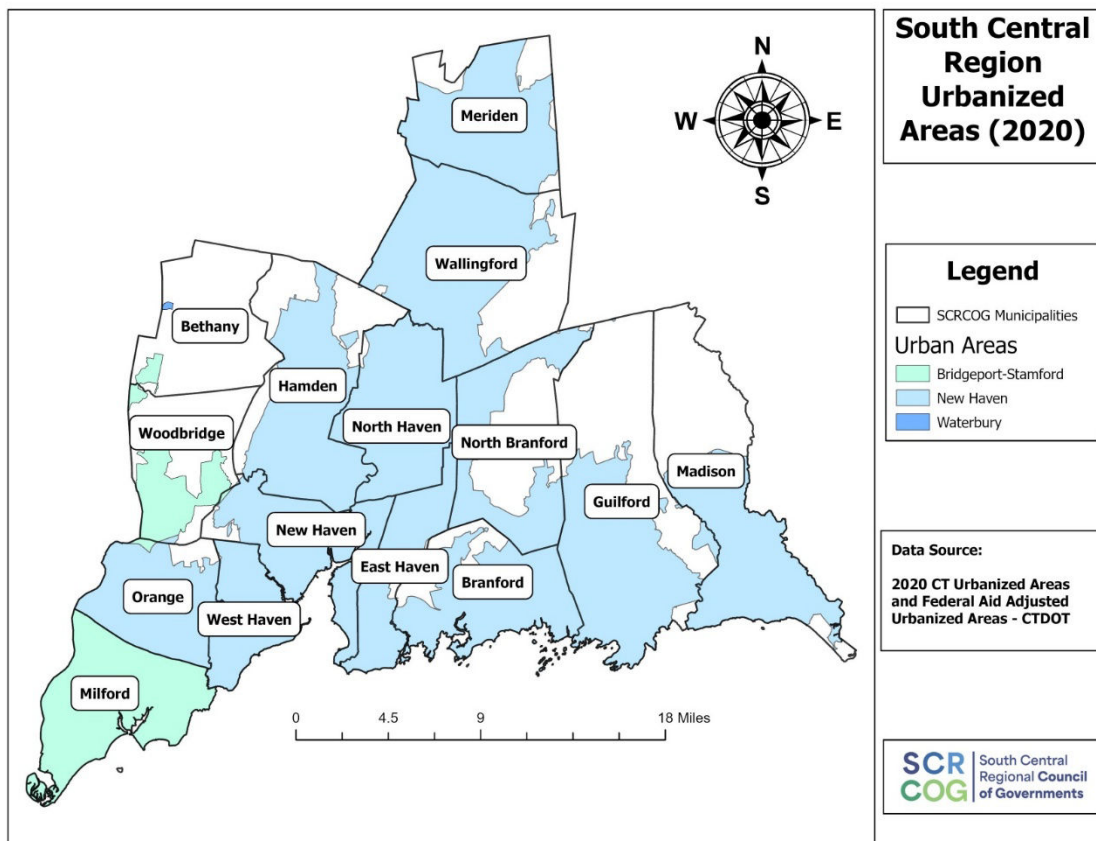

1.4 The Development Process

The Transportation Improvement Program (TIP) is developed through a coordinated, performance-based planning process, as required under 23 CFR Part 450. Projects included in the TIP must be consistent with the region’s adopted Metropolitan Transportation Plan (MTP), reflect established investment priorities, and be fiscally constrained in accordance with federal regulations. CTDOT provides SCRCOG with draft project listings and funding targets for the South Central Region based on the most recent federal and state program authorizations. SCRCOG staff, in consultation with municipal officials, transit operators, and regional stakeholders, reviews proposed projects to ensure consistency with the MTP, local priorities, and applicable federal performance targets. The TIP undergoes interagency consultation and public review in compliance with Title VI of the Civil Rights Act, and Limited English Proficiency

(LEP) requirements, and the agency’s Public Participation Plan. All proposed projects are evaluated for conformity with the National Ambient Air Quality Standards (NAAQS) under the transportation conformity process established by the Clean Air Act. SCRCOG’s Transportation Committee and MPO Policy Board review and approve the TIP and subsequent amendments through formal MPO action. The approved TIP is incorporated into the Statewide Transportation Improvement Program (STIP), in coordination with CTDOT, FHWA, and FTA, to ensure statewide consistency and federal eligibility for project implementation.

It is the federally defined Urbanized Area (UZA) population statistics, based on the decennial U.S. Census, that determine the allocation of Surface Transportation Block Grant (STP) funds and FTA Section 5307 (transit) capital and operating assistance program levels of support.

Almost the entire SCRCOG region is included within the New Haven Urbanized Area (UZA), based on regional land use and population density patterns. Portions of Milford and Woodbridge are included in the Bridgeport–Stamford Urbanized Area, and portions of Bethany fall within the Waterbury Urbanized Area.

2. Federal Requirements

2.1 Title VI, Limited English Proficiency (LEP)

SCRCOG ensures full compliance with:

- Title VI of the Civil Rights Act of 1964

SCRCOG conducts meaningful outreach to historically underserved and underrepresented populations and assesses impacts to avoid disproportionate or discriminatory effects. These practices follow established approaches documented in the FY2025–FY2028 TIP and updated guidance contained in the 2027–2030 STIP.

2.2 Air Quality Conformity

The South Central Region is located within a Serious Ozone Nonattainment Area and a PM2.5 Maintenance Area, based on EPA determinations issued in 2024. Therefore, the TIP must conform to the State Implementation Plan (SIP) for air quality.

SCRCOG participates in CTDOT's interagency consultation process, which includes CTDEEP, EPA, FHWA, FTA, and all MPOs. Projects not exempt under 40 CFR 93.126/127/128 are subject to regional emissions analysis using the tools and assumptions outlined in the statewide Air Quality Conformity Determination.

2.3 Public Involvement

SCRCOG maintains a robust, continuous public involvement process:

Early Project Development

Municipalities engage the public during project identification and concept development, consistent with SCRCOG's long-standing approach that predates formal TIP programming. This ensures early community participation in shaping future investments.

TIP Public Review

During development of the TIP and during each Amendment or Action:

- Proposed revisions are posted to the EcoInteractive online TIP portal
- The Transportation Committee and MPO Policy Board meetings are open to the public
- Public comments are documented and provided to decision-makers
- SCRCOG staff are available to respond to questions and provide technical support

STIP Integration Requirement

Per CTDOT’s 2027–2030 STIP procedures, the Draft STIP must also be made available during the TIP public review period. SCRCOG provides access to all relevant documents and ensures that regional outreach requirements are satisfied.

2.4 Performance Based Planning and Programing

SCRCOG adopts statewide performance targets established by CTDOT and incorporates these targets into the development of the TIP. Investments are selected to support progress toward national performance goals, including safety, system reliability, emissions reduction, state of good repair, and equitable mobility.

Highway Safety

Highway safety is determined by the interaction between drivers, their behavior, and the highway infrastructure. The five performance measures for Highway Safety include: (1) the number of fatalities; (2) the rate of fatalities; (3) the number of serious injuries; (4) the rate of serious injuries; and (5) the number of non-motorized fatalities and serious injuries. The current Highway Safety targets are shown below:

Performance Measures	Numeric Target for 2026
Fatalities	270
Fatality Rate	0.850 per 100 Million VMT
Serious Injuries	1300.0
Serious Injury Rate	4.300 per 100 Million VMT
Non-Motorist Fatalities & Serious Injuries	280.0

Note: The Federal Highway Administration (FHWA) determines whether a State has met its Safety Performance Targets based on the 5-year moving average.

The STIP will program projects to meet the targets set by CTDOT by including appropriate Highway Safety Improvement Program (HSIP) projects, including programmatic safety initiatives, location-specific improvements, and systemic safety enhancements.

1. Programmatic driver safety activities: Projects or programs that are conducted regularly on an ongoing basis. These include Highway Safety behavioral programs such as Impaired Driving, Occupant Protection, Distracted Driving, Speeding, Motorcycle Safety, and Teen Driving grants for State and Municipal Police Departments using National Highway Traffic Safety Administration (NHTSA) funds.

2. Location-specific highway safety projects: This includes roadway safety improvements selected to correct known safety problems at locations with a high frequency or severity of crashes.

3. Programmatic or systematic highway safety improvements: Projects or programs that are conducted regularly throughout the state such as signing, pavement marking programs, and guide rail.

4. Systemic highway safety improvement projects: This includes roadway safety improvements that are widely implemented based on high-risk roadway features that are correlated with severe crash types.

Pavement and Bridge Condition

The performance measures for Pavement condition include the percentage of pavements on the Interstate and non-Interstate National Highway System (NHS) in Good and Poor condition. Bridge condition is measured by the percentage of NHS bridges in Good and Poor condition. The current Pavement and Bridge targets are shown below:

Performance Measures	Baseline	2-Year Target	4-Year Target
Percentage of Pavements of the Interstate System in Good Condition	68.6%	72.0%	70.0%
Percentage of Pavements of the Interstate System in Poor Condition	0.2%	1.0%	1.3%
Percentage of Pavements of the Non-Interstate NHS in Good Condition	37.9%	37.0%	35.0%
Percentage of Pavements of the Non-Interstate NHS in Poor Condition	1.8%	2.7%	3.5%
Percentage of NHS Bridges Classified as in Good Condition	14.1%	14.1%	14.5%
Percentage of NHS Bridges Classified as in Poor Condition	7.7%	6.2%	6.0%

The STIP will program projects to meet the targets set by CTDOT using the Department’s Pavement and Bridge Management Systems, as outlined in the Transportation Asset Management Plan (TAMP).

System Reliability

Highway travel time reliability is an important measure of system performance and reflects the consistency of travel times on the transportation network. The current system reliability targets are shown below:

Performance Measures	Baseline	2-year target	4-year target
Percentage of Person-Miles Traveled on the Interstate that are reliable	86.2%	78.6%	78.6%
Percentage of Person-Miles Traveled on the Non-Interstate NHS that are reliable	90.0%	84.9%	84.9%

The STIP will program projects to support system reliability through operational improvements, capacity enhancements, and demand management strategies.

Freight Movement

Freight movement is assessed using the Truck Travel Time Reliability (TTTR) Index, which reflects the reliability of freight movement on the Interstate system. The current freight performance targets are shown below:

Performance Measures	Baseline	2-Year Target	4-Year Target
Truck Travel Time Reliability Index	1.56	1.95	2.02

The STIP will program projects that support efficient freight movement and improve reliability on key corridors.

Congestion Performance

Congestion performance measures assess peak hour delay and travel patterns within urbanized areas. The current congestion-related targets for the SCRCOG region are shown below:

Performance Measure	Baseline	2-Year Target	4-Year Target
New Haven UZA PHED	7.5	7.9	7.9
New Haven UZA Non-SOV	25.1%	23.5%	23.5%

Air Quality

Air quality performance is measured through emission reductions associated with Congestion Mitigation and Air Quality (CMAQ) funded projects. The current emission reduction targets are shown below:

Pollutant	Baseline (kg/day)	2-Year Target	4-Year Target
PM2.5	0.000	6.290	6.290
NOx	0.000	81.978	81.978
VOC	0.000	87.346	87.346

The STIP will program projects that contribute to improved air quality through congestion reduction, travel demand management, and multimodal transportation investments.

3. Financial Programming and Planning

3.1 Financial Programming

The FFY 2027–2030 Transportation Improvement Program (TIP) is funded through a combination of federal, state, and local sources. Federal funding is administered through the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA), while state funding is primarily derived from Connecticut’s Special Transportation Fund (STF). Local funding contributions are included where applicable.

Funding estimates are provided by the Connecticut Department of Transportation (CTDOT) and reflect anticipated federal apportionments, state funding, and local contributions. The TIP includes only projects for which funding can reasonably be expected to be available.

3.2 Funding Sources and Federal Programs

The primary federal programs supporting projects in the TIP include:

National Highway Performance Program (NHPP): Supports improvements to the National Highway System, including pavement and bridge preservation and capacity enhancements.

Surface Transportation Block Grant Program (STBG): Provides flexible funding for a variety of transportation projects, including roadway improvements and multimodal investments.

Highway Safety Improvement Program (HSIP): Funds projects that reduce traffic fatalities and serious injuries.

Congestion Mitigation and Air Quality (CMAQ): Supports projects that reduce congestion and improve air quality in nonattainment and maintenance areas.

FTA Section 5307: Provides capital and operating assistance for urbanized area transit systems.

FTA Section 5337: Supports the maintenance and rehabilitation of transit assets to ensure a state of good repair.

FTA Section 5339: Funds the replacement, rehabilitation, and purchase of buses and related facilities.

Transportation Alternatives Program (TAP): Funds bicycle and pedestrian infrastructure and other non-motorized transportation projects.

National Freight Program (NFRP): Supports freight movement improvements on key corridors.

Discretionary Programs (e.g., RAISE): Competitive funding for large-scale, multimodal transportation projects.

3.3 List of Funding Codes

Federal Transit Administration (FTA)

- 5307C** Capital Funding Programs
- 5307P** Carryover Capital Funding Programs
- 5307S** Flex Funds
- 5309A** Fixed Guideway Modernization Capital Funding Programs
- 5309B** Carryover Fixed Guideway Modernization Capital Funding Programs
- 5309F** Bus Funding Programs
- 5309G** Carryover Bus Funding Programs
- 5309Q** Carryover New Starts
- 5310** Capital Funding for Elderly and Disabled Transportation
- 5337** State of Good Repair Program
- 5339** Bus and Bus Facilities Grant Program

Federal Highways Administration (FHWA)

- BRZ** Bridge Rehabilitation and Replacement (includes both on and off system bridges)
- BRFP** Bridges Formula Program
- CMAQ** Congestion Mitigation and Air Quality Programs
- HPP/S** High Priority Programs
- HSIP** Highway Safety Improvement Program
- NFRP** National Highway Freight Program
- NHPP** National Highway Preservation Program
- NHTSA** National Highway Traffic Safety Administration Funds
- REP** Repurposed Earmark Funds
- RT** Recreational Trails Program
- SIPH** Highway Safety Improvement Program
- SRTS** Safe Routes to School
- STPA** Surface Transportation – Anywhere Funds Program
- STPBS** Surface Transportation Program – Urban funding for Bridgeport/Stamford Region
- STPNH** Surface Transportation Program – Urban funding for New Haven Region
- TCSP** Transportation and Community and System Preservation Program
- TAP** Transportation Alternatives Program

3.4 Financial Constraint

The FFY 2027–2030 TIP is fiscally constrained by year, consistent with federal requirements. Programmed project costs do not exceed available revenues in any year of the TIP period.

Federal law requires that each year of the TIP be fiscally constrained, meaning that total programmed costs must not exceed anticipated revenues.

CTDOT provides SCRCOG with:

- Estimated federal funding levels
- State matching commitments
- Revenue projections based on the Infrastructure Investment and Jobs Act (IIJA)
- Funding constraints consistent with the statewide financial plan in the STIP

SCRCOG confirms that programmed projects:

- Fit within available federal and state authorizations
- Use funding sources consistent with federal program eligibility
- Are consistent with the fiscally constrained Metropolitan Transportation Plan (MTP)

SCRCOG follows the fiscal constraint methodology established by CTDOT to ensure consistency with the Statewide Transportation Improvement Program (STIP). Detailed fiscal constraint tables are provided in Appendix C.

3.5 Funding by Source

Funding estimates are provided by CTDOT and reflect anticipated federal apportionments under the Infrastructure Investment and Jobs Act (IIJA), as well as state and local funding sources.

Only projects for which funding can reasonably be expected to be available are included. Programmed project costs do not exceed available revenues in any year, ensuring consistency with the STIP and the region's fiscally constrained Metropolitan Transportation Plan.

To support performance-based planning requirements, the distribution of TIP investments by federal performance measure is summarized below:

3.4 Programmed Funding Distribution

The FFY 2027–2030 TIP includes projects and programmatic investments that support adopted federal and statewide performance targets. SCRCOG coordinates with CTDOT and regional transit providers to ensure TIP investments align with FHWA and FTA performance areas, including highway safety, highway asset management, system reliability, and transit asset management. SCRCOG will continue working with CTDOT to strengthen the connection between performance targets, project prioritization, and future TIP updates. The chart and table below summarize the programmed funding distribution and supporting source data.

Federal Performance Measure	Programmed %	Programmed Amount
Highway Asset Management	52.19%	\$1,169,970,744
Highway Safety	11.32%	\$253,874,559
System Reliability	1.44%	\$32,300,000
Transit Asset Management	35.03%	\$785,299,281
Total	100.00%	\$2,241,906,584

Appendix A – Project List

0043-0133 - MODERN ROUNDABOUT AT US 1 & CT 100

Lead Agency: CTDOT
 Project Type: FHWA
 Region: 8
 Town: EAST HAVEN
 Air Quality Status: -
 Total Cost: \$6,000,000
 Project Description: MODERN ROUNDABOUT AT US 1 & CT 100

PHASE	FUND SOURCE	PRIOR	FY2027	FY2028	FY2029	FY2030	FUTURE	TOTAL
Construction	NHPP	\$0	\$0	\$0	\$0	\$0	\$4,800,000	\$4,800,000
Construction	State Match	\$0	\$0	\$0	\$0	\$0	\$1,200,000	\$1,200,000

Appendix D – Public Comment

27-30 TIP Draft Public Comment Meeting Minutes, April 14, 2026

Guests

Lorena Venegas, East Haven Friends

CTDOT

Rose A Etuka, Transportation Supervising Planner

SCRCOG

James Rode, Director of Transportation Planning

Kellie Kingston, Transportation Planner

Colette Kroop, Grant Specialist/Project Manager

Robert Dahill, Highway Safety Specialist

The meeting was called to order at **5:30 PM**.

K. Kingston provided a brief presentation summarizing the Draft 2027–2030 Transportation Improvement Program (TIP), including an overview of the document, federally funded transportation projects in the region, and the public comment process. The floor was then opened for public comment.

Lorena Venegas, representing East Haven Friends, provided comments related to the expansion of Tweed New Haven Airport and an agreement involving the airport, the Town of East Haven, and the City of New Haven. She raised concerns regarding a lack of transparency and the potential for expanded freight operations. She also discussed repeated flooding issues along Coe Avenue, Hemingway Avenue, and Short Beach Road, noting a lack of funding to address these concerns. Additional comments included a lack of ADA compliance in various areas throughout East Haven, limited bus stop infrastructure, and the absence of a rail station. Concerns regarding limited East Haven participation within SCRCOG and the potential impact on funding allocations were also raised.

James Rode, Director of Transportation Planning at SCRCOG, thanked her for her input and stated that all comments would be included in the final report.

Rose Etuka, Supervising Transportation Planner of the STIP Unit at CTDOT, encouraged Ms. Venegas to participate in the upcoming Statewide Transportation Improvement Plan public comment meeting, noting that CTDOT staff would be available to listen and respond directly to the concerns raised.

No further comments were received.

The meeting was adjourned at **6:03 PM**.

Appendix E - Resolutions

Policy Board signed resolutions will be provided prior to final TIP adoption.

MPO PLANNING CERTIFICATION

WHEREAS, the South Central Regional Council of Governments (SCRCOG) has been designated by the Governor of the State Connecticut as the Metropolitan Planning Organization responsible, together with the State, for the comprehensive, continuing, and cooperative transportation planning process for South Central Region and

WHEREAS, SCRCOG conducts the transportation planning process in accordance with the regulations promulgated by the US Department of Transportation by preparing a Unified Planning Work Program, preparing, maintaining and amending the endorsed Transportation Improvement Program (TIP), preparing and updating the endorsed Metropolitan Transportation Plan (MTP), assessing the air quality impacts of the proposed transportation improvement projects included in the TIP and MTP, and proactively involving the public in the metropolitan transportation planning process.

NOW THEREFORE BE IT RESOLVED that the South Central Regional Council of Governments hereby certifies that the metropolitan transportation planning process is being carried out in accordance with all applicable requirements of:

- (1) 23 U.S.C. 134, 49 U.S.C. 5303, and this subpart;
- (2) In nonattainment and maintenance areas, sections 174 and 176(c) and (d) of the Clean Air Act, as amended (42 U.S.C. 7504, 7506(c) and (d)) and 40 CFR part 93;
- (3) Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d-1) and 49 CFR part 21;
- (4) 49 U.S.C. 5332, prohibiting discrimination on the basis of race, color, creed, national origin, sex, or age in employment or business opportunity;
- (5) Section 1101(b) of the FAST Act (Pub. L. 114-357) and 49 CFR part 26 regarding the involvement of disadvantaged business enterprises in DOT funded projects;

- (6) 23 CFR part 230, regarding the implementation of an equal employment opportunity program on Federal and Federal-aid highway construction contracts;
- (7) The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) and 49 CFR parts 27, 37, and 38;
- (8) The Older Americans Act, as amended (42 U.S.C. 6101), prohibiting discrimination on the basis of age in programs or activities receiving Federal financial assistance;
- (9) Section 324 of title 23 U.S.C. regarding the prohibition of discrimination based on gender; and
- (10) Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) and 49 CFR part 27 regarding discrimination against individuals with disabilities.

The undersigned duly qualified and acting Secretary of the South Central Regional Council of Governments certifies that the foregoing is a true and correct copy of a resolution adopted at a legally convened meeting of the Council of Governments on February 25, 2026.

Date: February 25, 2026,

By:

Vincent Cervoni

Mayor Vincent Cervoni, Secretary
South Central Regional Council of Governments
